DETAILED ACTION

1. This application claims benefit of the foreign application:
JAPAN 067633 with a filing date 03/09/2001.
2. Amendment of claim 10, cancellation of claims 1-3, 5-9 in the amendment filed on May 13, 2005, is acknowledged. Claims 4, 10-14 are pending in the application.

Responses to Amendment

3. Since the limitation "comprising" has been eliminated from claim 10, therefore, rejection of claims 4 and 10 under 35 U.S.C. 112, second paragraph, or obviousness-type double patenting over Ishii et al. US 6,232,258, has been overcome in the amendment filed on May 13, 2005.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for this examiner's amendment was given in a telephone interview with Raymond C. Stewart on June 28, 2005. The application has been amended as follows:

In claim 4, line 2, delete "comprising", and insert

--consisting of--

In claim 10, line 7, delete "comprising", and insert

--consisting of—

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

Claims 4 and 10-14 are neither anticipated nor rendered obvious over the art of record, and therefore are allowable. This invention relates to catalyst comprising a cyclic imide compound. The closest reference is Ishii et al. US 6,232,258, discloses oxygenation catalyst and process for producing ketone using the same. The difference between Ishii et al. '258 and instant claims is that instant catalyst does not contain a strong acid. Suggestion for modification of above record to obtain the instant claimed products, has not been found. Claims 4 and 10-14 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
